

Green Pin® Weld-On Transport Ring S/S-GR5

Grade 5 stainless steel weld-on transport ring

Highlights

- ✓ Stainless steel assures long-term durability
- ✓ Reliable Green Pin® quality and support

Description

The Green Pin® Stainless Steel Weld-On Transport Ring is a grade 5 stainless steel weld-on transport ring. The non-corrosive nature of stainless steel makes it the perfect choice for use in industries such as foods, nuclear and sailing. Welding must only be carried out by a qualified welder in accordance with DIN 8563 resp. 15429. The surfaces to be welded must be clean, without oil, grease or paint. Welding instructions are supplied with each delivery. The transport rings are delivered without springs. The Green Pin® Stainless Steel Weld-On Transport Ring is available in a range with a working load limit from 0.75 t. up to 5 t.

Product details

Productcode	PASI
Material	AISI 316L, grade 5
Safety factor	MBL equals 4 x WLL
Finish	polished
Certification	2.1 2.2 3.1 CE
Note	regarding the selection of welding material, respecting parent and PASI materials, please refer to EN 3581 for manual metal arc welding and to EN ISO 14343 for arc welding
